Measurement tips:

Chest:

Measure around the broadest part of your chest. Do not place the tape too tight under your arms.

Bust:

Measure the fullest part of the bust, across your shoulder blades. Ensure the tape measure is kept parallel to the floor.

Waist:

Measure around the natural waistline, ensuring the tape measure is taut at all times.

Hips:

Stand with your feet together and measure around the hips at the widest point. This is usually across the fullest part of the bottom or at the top of the thigh. This measurement is approximately 20cm (8in) below your natural waistline.

Inside leg:

It is a good idea to wear a pair of shoes when measuring your inseam for a more accurate result. Measure from the top of your inside leg at the crotch to the point where you would like the trousers to finish.

Remember that trousers look better slightly longer than too short!

PlayerLayer offer three different leg lengths.

At PlayerLayer we pride ourselves on the fit of our products and therefore understand that a number of our garments will need to be gender specific. Our sizing charts, displayed to the left, are based on body measurements.

FIND YOUR FIT

SIZE GUIDE FOR PLAYERLAYER BASELAYERS

Measurement tips:

Below are the key measurements to help you find the perfect fit.

First, check your own chest or waist measurements. Juniors should also use their height to guide them to the correct size.

Then, in order to confirm that this size will fit, we have shown a small number of key garment measurements. For tops this is the body length and for leggings it is the length of the garment's leg inseam.

ALL GARMENT MEASUREMENT POINTS ARE BASED ON
PLAYERLAYER BASELAYER PRODUCTS ONLY.

Chest:

Measure around the broadest part of your chest. Do not place the tape too tight under your arms.

Waist:

Measure around the natural waistline, ensuring the tape measure is taut at all times.

Inseam:

Measure from the top of your inside leg at the crotch, to the point where you would like the shorts or leggings to finish.

Sleeve Length:

Measure from shoulder cap, along the outside of a slightly bent arm to the wrist.

Centre Back:

Measure from the nape of the neck to the base of your back.
